

INSTRUCTIONS:

1. Print out this page and write your signature(s) in the areas. Do not use a led pencil rather a black pen which will give consistent lines and scan well!
2. You are allowed up to six different signatures in a font.
3. If you wish to add more than one persons signature you may add your partners signature as well. I will not add a signature from a scanned letter or other document than this one.
4. Scan your paper in at 600 dpi two colors only, not gray scale, not 16 million colors, but two only black and white. So scan as large as you can, save in **tif** format and zip the file if you wish and send the scans to shop@yourownfont.com.
5. Your signature font will be sent to your email address within 3 days of receiving your scanned font order.
